

Dear Supporters and Friends,

Since 2013, Congregation Beth Israel (CBI), one of Northeast Tarrant County's only synagogues, has been hosting a casino night in January to raise funds to support charitable organizations in our community and some of CBI's own endeavors.

CBI's core values include the concept of Tikkun Ha Olam, healing the world. CBI is a place that fosters a proactive approach to enhancing the Dallas/Fort Worth community and the world at large. Our Casino Night event is part of this commitment.

To this end, our Casino Night fundraiser supports not just CBI, but also three vital community organizations. Grapevine Relief and Community Exchange (GRACE), Jewish Family Services of Fort Worth & Tarrant County (JFS), and the Jordan Elizabeth Harris Foundation. All these organizations are improving the lives of individuals and families in our community daily, and it is an honor to be able to support them. Please learn more about each of these organizations on the following page.

On behalf of the Casino Night Planning Committee, I ask for your continued generous support by donating an item or a service for our online auction, and/or by becoming a sponsor. Every donation counts no matter the size. Your participation in this year's 2024 Casino Night is an opportunity to help CBI reach its charitable goals and reach many current and new supporters of your business or organization. Your generosity will be acknowledged, and we know that our event participants have and will continue to support the local businesses that support our event.

At 6:30 p.m. January 13, 2024, CBI's Wide World of Sports 11th Annual Casino Night will take place live and in-person at the home of our great friends in Good Shepard's Parish Hall. Please join us!

A donor form is attached for your convenience. Please contact me if you have any questions. Our staff can be reached via email at casinonight@congregationbethisrael.org. Many thanks in advance for your generosity and support of this important philanthropic event. We look forward to seeing everyone in person on January 13th! In the meantime, we very much need your assistance and thank you in advance for your kind support.

Sincerely,
Jeff Cohen
Casino Night Event Chairman

MAKING AN IMPACT IN OUR COMMUNITY

Congregation Beth Israel 11th Annual Casino Night Fundraiser 2024 Beneficiaries

Congregation Beth Israel (CBI) was established in 1998. CBI is a welcoming Reform Jewish community that serves individuals and families in the Dallas-Fort Worth metro area. We are a home for spiritual awareness, education, and growth. CBI believes in interfaith inclusion and transforming Jewish isolation through engagement, participation, and volunteerism. Embracing the Jewish traditions of L'Dor V'Dor (linking generation to generation) and Tikkun Olam (repair the world) allows CBI to nurture meaningful relationships and a profound sense of belonging. Your support tonight will enable CBI to continue to offer life changing programs as well as provide for significant infrastructure improvements for our congregation.

As an integral service arm of the Jewish Federation of Fort Worth and Tarrant County, Jewish Family Services (JFS) offers individual and family counseling as well as support groups to the entire community. JFS also helps coordinate a Senior Adult Lunch Program where approximately 150 hot meals are served each week. JFS also helps members of our community who, from time to time, may need some help to fulfill their basic needs, such as food and shelter. Locally, JFS opened an office to offer services in Colleyville for members of CBI and the community as a whole regardless of religion or ethnicity. Your support tonight will help further advance these important efforts.

The Jordan Elizabeth Harris Foundation

GRACE is a faith-based, non-profit relief agency that provides food, clothing, and other emergency assistance to people who are in need in Grapevine, Colleyville, Southlake or other Northeast Tarrant County communities. Extended resources through transitional housing and case management are directed toward developing self-sufficiency. Compassion and assistance are offered as a response to God's grace in partnership local churches, municipalities, businesses, civic organizations, and individuals.

Established in 2014 by the Harris family, The Jordan Elizabeth Harris Foundation both honors the memory of their daughter and works to break the silence surrounding mental illness. The Jordan E. Harris foundation eradicates suicide by funding depression research, creating awareness through education, erasing the stigma, and providing help to who are struggling in silence.
